

PRO AMPARO 4750 XL NR black

Seite 1 von 2

LARGE AND CONVENIENT

One grab, one click and your bike is locked - with the reliable protection of an ABUS lock.

Frame locks are the basic protection of your bike. If you're just popping into the bakery, they are a convenient solution to protect your bike from quick theft in one easy step. Just like our frame lock 4750, which has been specially developed for wheels with a large wheel passage.

Technologies

- 8.5 mm steel shackle
- The case, the shackle as well as supporting elements of the locking mechanism are made of special hardened steel
- Extreme large aperture for extra wide tires
- Closing mechanism for easy attachment of accessory to the lock body
- The R (key retaining) version holds the key when the lock is open, the NR (non key retaining) version allows taking the key out of the cylinder

Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle
- It is highly recommended to use a second lock besides the frame lock
