

The BNC coupling is connected with a video cable (RG58 / RG59) and provides a high-quality transition between two BNC cables.

Technologies

- BNC coupling for video line
- High-quality material
- 75 ohm

Technical data - BNC Coupling

Connector type	BNC – BNC
Contact design	BNC (female) – BNC (male)
Impedance	75 Ω
Inner conductor	gilded
Material type	zinc-coated
