

SMART. SECURE. KEYLESS.

Make your life a little more convenient and secure your shed, locker or garden gate with the weatherproof EVEROX One electronic padlock. Thanks to the ABUS One app, you don't need a key. With the tried-and-tested SmartX technology for securing the Bluetooth® connection, you are always on the safe side.

No matter whether you use it indoors or outdoors, the weatherproof EVEROX One always offers you reliable and best possible protection for your property when there is a medium theft risk. Our electronic padlock meets the IP66 and IP68 certifications, which means it is waterproof and dustproof. This makes it extremely reliable and durable even under adverse conditions. With the innovative ABUS One app and Bluetooth® connection secured with SmartX, you can conveniently control and manage the lock via your smartphone. Open the EVEROX One at the touch of a finger and keep full control over access to your valuables thanks to the app. From now on, misplaced keys are a thing of the past.

The padlock consists of a coated zinc die cast lock body and a hardened Nano Protect™ shackle, offering high quality and security. The double bolted locking mechanism ensures reliable closing, while the automatic locking function offers additional convenience. And thanks to the spring-loaded shackle, the lock opens automatically for easy access. It is equipped with a replaceable CR2 battery.

Technologies

- Lock body made of coated die-cast zinc
- IP certification IP66 & IP68 (dustproof and protected against water jets and short-term submersion)
- Hardened Nano Protect™ shackle
