

# 24V DC power supply unit for DIN Rail

Art.-Nr. TVHS20300

Seite 1 von 1

## TOTAL MODULAR: THE VIDEO INTERCOM SYSTEM

See people in front of the door, talk to them, open the door. Easy to install, modular and adaptable to any building - with 2-wire technology or via IP network.

Power supply for 2-wire video module

The power supply unit supplies the ModuVis 2-wire distribution unit TVHS20310 with 24 V DC. It is designed for simple installation in a switch or distribution box with DIN rail.

## Technologies

- 24V DC power supply unit for the ModuVis door intercom system
- Suitable for installation with 2-wire distributor TVHS20310
- Compatible with DIN rail TH 35/7.5 or TH 35/15

## Technical data - 24V DC power supply unit for DIN Rail

|                            |                 |
|----------------------------|-----------------|
| AC voltage supply          | 100-240 V       |
| DC voltage supply          | 24 V            |
| Dimensions                 | 53 x 90 x 55 mm |
| Height                     | 55 mm           |
| Length                     | 90 mm           |
| Max. operating temperature | 70 °C           |
| Min. operating temperature | -30 °C          |
| Power consumption          | 60 W            |
| Width                      | 53 mm           |
